

Amesbury School, Amesbury, Salisbury

Client: The Board of Governors, Amesbury C of E VC Primary School, Salisbury

Scope of Works:

Construction of 4 classroom extension on a sloping site including ICT Suite and Nurture room, New Toilet facilities, ramped corridors, Plant Room, Lobby with roof lantern, External Works including Drainage and Soakaways, new access road and parking, paved areas and landscaping.

This extension comprised of traditional cavity walls (Block and facing brick) with a slated main roof, and heavily insulated single ply roof to Lobby Area. The site sloped by approximately 1.6m requiring part of the construction to be 'dug in' and part to be built up out of the ground. Internal levels were overcome by means of ramps for disabled access and steps.

The works also involved the demolition and removal of existing mobile classrooms, and in addition, the contract included an extension to the existing school hall and kitchen to provide additional storage space for the kitchen facilities.

Contract Value: £1.1m

Contract Programme: 37 weeks
