

# Ashton Keynes Primary School 23 Gosditch Ashton Keynes, Wiltshire

- **Client:** The Governors, Ashton Keynes Primary School, Ashton Keynes, Wilts
- **Project Manager :** Arthur Williams
- **Scope of Work:** New 3 class extension and atrium library, with extensive refurbishment/alterations to existing school.
- Prior to starting this project, Rigg were responsible for the demolition of one existing Mobile Classroom and movement of another to make room for the new extensions.
- Layout within the existing school did not work well for staff and extensive alterations and refurbishment were completed as part of the project. The school remained operational throughout the works.
- Three new classrooms and an airy library were provided using a mixture of steel framed building and traditional build. The new extensions were joined to the Hall and existing school by a short Link Corridor.
- Externally we moved the existing Bicycle Shelter and bike stands, resurfaced the playground and provided external covered play space for the younger years.
- Our Contracts Manager, Jim Deighton, and Site Manager, Andy Miles, were highly commended by the school's management team. The project was completed during challenging period of restrictions and lockdowns caused by the Covid 19 pandemic which interrupted the contract programme for approximately six weeks.
- **Contract Value:** £1.1M
- **Contract Programme:** 36 weeks completed August 2020
